Tiffany E. Sexton

**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In accordance with Applicant's duty of candor under 37 CFR §1.56 and in compliance with 37 CFR §1.97 and §1.98, Applicant is not aware of any material prior art but, in an abundance of caution and candor, Applicant submits the present Information Disclosure Statement and Form PTO-1449.

Applicant advises the Examiner of United States Patent No. 6,272,933 which stems from the same priority application (Serial No. 09/097,832, now United States Patent No. 6,349,722). A copy of United States Patent No. 6,272,933 is enclosed. The claims of the present invention differ from those in United States Patent No. 6,272,933 in that the connector which receives the sensor is positively claimed as opposed to the sensor per se.

This Information Disclosure Statement is being filed concurrently with the divisional patent application and constitutes a bona fide attempt to comply with 37 CFR §1.97 and §1.98.

In accordance with 37 C.F.R. §1.97, the presentation of this information shall not be construed as a representation that no other material information as defined in 37 C.F.R. §1.56 exists, or as an admission that the information cited in this statement is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56.

Should the Examiner believe a fee is required, the United States Patent and Trademark Office is hereby authorized and requested to charge the fee to the deposit account of the undersigned firm, Account No. 20-1495.

Respectfully submitted,

Dated: Sept. 17, 2003
